**3 SPEECHES BY GOV. SMITH.**  
Makes Addresses in Rockland County Yesterday.

Gov. Smith made three speeches yesterday in Rockland County; one at Thiells and the other two at Letchworth Village.

His first speech was at the unveiling in the town square of a monument to the memory of Harold Ferguson, the only man of Thiells who was killed in the war.

At Letchworth Village he spoke at the laying of the cornerstone of the new dining-room building and the dedication of the new Stewart Hall. "I do not out to make a record for economy, but, for trying to do good work," he said.

Frank A. Vanderlip, Chairman of the Board of Managers, presided at the Letchworth Village exercises.

**BRONX ICE COMMITTEE BEGINS DISTRIBUTION OF FREE ICE TO POOR PEOPLE**

DR JAMES A. HAMILTON.

Commissioner Hamilton Starts Operations by Giving Out Six Tons of Frozen Comfort.

Members of six hundred Bronx families stood on the ice line yesterday and carried home a twenty-pound piece of ice each. It was the first attempt at free distribution of the precious frozen commodity and was made by Corrections Commissioner James A. Hamilton. Six tons in all were distributed and within a week it is hoped the amount will be doubled.

"The Bronx Ice Committee of the Mayor's Committee will continue to give away six tons each day for another week," said Commissioner Hamilton to an Evening World reporter last night. "Next week we will establish six more stations and double our distribution in the Bronx. The people need it. I made a tour of the stations to-day and found that those who sought free ice were few but needy. The tickets, which will soon be distributed, will eliminate the impostors."

The ice given away yesterday was the product of the institution on Hart's Island. A barge landed the ice at City Island yesterday morning and had it shipped by truck to the stations which are located at Salvation Army headquarters, 15th Street and Courtland Avenue; Lebo-

anon Hospital, Cauldwell and Westchester Avenues; Father Carlucci's Catholic Church, East 18th Street; and in Public Schools No. 8, 13th Street and Brown Place; No. 44, at Intervale Avenue and Freeman Street, and No. 2, at Claremont Parkway and Washington Avenue.

Says Commissioner Hamilton: "The people have no idea how much sickness is caused among the poor who cannot afford to buy ice at the price to which it has been jacked."

Mrs. Harry C. Arthur and several other women members of the committee will begin to-day the distribution of coupon books with which the needy will be able to obtain ice. They have investigated several hundred applications.

Modern civilization has never equalled that of the ancient Greeks and Romans in combining the two.

Petrosius, the elegant, would find a return to earth for just one evening here an agreeable experience.

With the rhythm and smoothness of the dance the dinner is served; the foodstuffs, selected by experts, prepared according to the art of the poet; the dishes, like the strings of a violin; each morsel seasoned to please the palate and quantified to satisfy the appetite; the guests fascinated with the surroundings of a Persian bakhshash; a veritable dreamland of dining in
